While we were drawing at Bristol City on Saturday Swindon were winning at Middlesbrough—a result which proves just how well we did against Ossie's team in our previous two meetings.

My players have produced two excellent displays and contributed to two fine games so far in the tie and I can promise you that we'll be giving it our all again tonight—no doubt at all.

The size of the crowd at last Tuesday's first replay excited and inspired us all and, hopefully,

tonight's attendance will be even greater. Whatever the outcome of the game, I must say I would like to see the same numbers coming along here every other Saturday on a regular basis. I'm sure they've been pleased with the entertainment we've produced and I'm sure they'd be pleased with the product if they became regulars.

Just a look at our results and the way we have been playing this season shows that we've got things in order now here at Burnden Park. We've still got to take each game as it comes but we'll be giving it everything we've got tonight to try to finally see off Ossie's side and make that date with Southampton in the next round.

We came through a very tough game at Bristol on Saturday. It is a place few teams will go to this season and get a result. So I was happy to come away with a point, especially since we didn't have the sort of preparation we would have preferred.

Supporters will be aware that we arrive late. The thing is that we were in the vicinity of the ground well in advance of our normal time. But our normal route was blocked and we were diverted into the centre of the city.

We were well aware of where we needed to go but it was difficult to get round some of the roads with the coach and no one could really point us in a positive direction. By the time the police escort arrived we had already got to within a couple of hundred yards of the ground.

Maybe we should have been better informed, I don't know. But we will know in future.

With the Whites currently attracting increased crowds down here at Burnden Park and with the added publicity to increase membership on the Manchester Road and Gt. Lever sections of the Ground, the Ticket Office staff were amazed when a certain new member enrolled this last week... young Gary Anthony Costello, born on the 13th of October, 1989;

won't quite be able to toddle down Manchester Road on his own just yet but it looks like his dad is pointing him in the right direction for future years to come.

The attendance of 11,533 at last Tuesday's game was the highest for a senior game at Burnden Park since the Freight Rover Trophy Northern Final against Wigan Athletic in May 1986. The following table details home attendances of 10,000 or more since the club's relegation from Division One in 1979-80 season:-

22,799	v	Notts Forest (FA Cup—3R)	6 January 1981

Last Tuesday a crowd of over 11,500 once again emphasised the attraction of joining the Membership Scheme down here at Bolton. It really does give you the option of going into all sections of the Ground (except of course the Visitors) instead of just non-membership sections of the Burnden Stand and Terrace.

LEYLAND DAF CUP KICKS OFF

The Leyland DAF Cup—the knockout competition for Third and Fourth Division clubs—began last week with the first of this year's Preliminary Round ties.

The structure of the competition again sees the 48 participating clubs divided into two regional areas, with both the northern and southern sections containing eight groups of three clubs each. Games are played on a 'round

NEWS DESK NEWS DESK

robin' basis with the top two teams from each group going through. However, the top club in each group is then seeded at home for the First Round of the knockout stages of the competition.

The north/south division will be retained throughout the competition until the two regional winners meet in the prestigious National Final which will again be played at Wembley Stadium, on Sunday 20th May 1990.

LEYLAND DAF CUP FACTS AND FIGURES

- Sponsorship of the competition by Leyland DAF now longest by the same company of any competition in full time professional football. Since initial spon-

sorship agreement in 1984/85, a total of £650,000 has been invested.

- In context of Third and Fourth Division football—undoubted success story of the 1980's. Since 1984/85, aggregate attendances increased by 53% from 210,279 to last season's figure of 320,775. Gate receipts have increased from £440,000 to £1,288,545.
- Nearly 1.4 million spectators have watched the competition since Leyland DAF's sponsorship began—total now standing at 1,382,549.
- Record attendance for the Final established in Season 1987/88 when 79,893 watched the final between Wolverhampton Wanderers and Burnley. Final also produced record receipts of £568,000.
- In the last two years, three of the four finalists have come from the Fourth Division.
- Bolton Wanderers and Bristol City have the best records in the competition having both reached the Wembley Final on two occasions.
- The inaugural Wembley Final between Wigan Ath-

letic and Brentford saw the National Stadium's First Family Enclosure, hence the competition's showpiece game becoming known as 'The Family Final'!

- The 1987 Final between Mansfield Town and Bristol City is the only one to have been decided on penalties, Mansfield eventually winning 5-4 after a 1-1 draw at the end of extra time.

BARCLAYS LEAGUE OVERSEAS

Take a closer look at some of the perimeter advertising boards at various League ground and you may well see some rather unfamiliar products with foreign sounding names.

The reason for this is that this weekend sees the season's first 'live' transmission of a Barclays League match to Scandinavia, an arrangement which in recent years has become a regular feature of the League's overseas television operation.

Matches will be covered by the League's own company, World Wide Soccer, and screened each week until March. Coverage begins this weekend with the Queens Park Rangers v Liverpool Barclays League Division One fixture.

SWINDON TOWN

Once again we welcome the players, officials and supporters of Swindon Town to Burnden Park. After the drama, excitement and, above all, the superb football of the first two games, there is a great sense of anticipation as we await tonight's encounter. The winners can look forward to a home tie against Southampton in the next round, the losers can at least have the

consolation of playing their part in a memorable series of cup ties.

Swindon manager Ossie Ardiles was unlucky enough to lose the toss for venue for this game. The Swindon fans will have had to dig deep into their pockets to make another long distance trip in midweek but should hopefully have their loyalty rewarded by witnessing another fine game.

Swindon's side will show one or two changes from the teams which played in the first two games. In between the first game and the replay left back Phil King joined Sheffield Wednesday in a big money deal while right back Dave Hockaday suffered a facial injury at Burden from which we hope he will soon make a quick recovery.

Fraser Digby: Former Manchester United apprentice who joined Swindon for £12,500 in December 1986 after a loan spell. An England U-21 International goalkeeper, who has made over a hundred appearances for the Robins.

Paul Bodin: Welsh born utility player signed from Newport County in March 1988. Began as an apprentice at Newport, moving onto Cardiff and non-league Bath City before returning to Somerton Park.

John Cornwell: Former Leyton Orient and Newcastle defender or midfielder who joined Swindon in December 1988. An impressive substitute appearance at Burnden last week.

Tim Parkin: Signed from Bristol Rovers in July 1986. Formerly with

Blackburn Rovers and Swedish club Malmo. An experienced central defender with over 350 senior games behind him.

Ross MacLaren: Talented midfielder or sweeper signed from Derby County in July 1988. A former Glasgow Rangers player, he joined Shrewsbury in 1980 and spent 5 years at Gay Meadow. Over 350 senior games.

Colin Calderwood: One of the Second Division's outstanding central defenders, he was formerly with Mansfield, moving to Swindon in June 1985. Passed 300 senior appearances last season.

Jon Gittens: A £40,000 tribunal-fixed signing from Southampton in July 1987. Promising defender who hails from Moseley, playing originally for Midland Combination Club Paget Rovers.

Tom Jones: Skilful midfield player signed from Aberdeen in 1988. A former Chelsea apprentice, he was snapped up by the Dons from Weymouth.

Alan McLoughlin: A former Manchester United apprentice who came to the County Ground on a free transfer in 1986. After two loan spells at Torquay he has established himself in the Robins' midfield, proving a useful goalscorer.

Fitzroy Simpson: Left-sided midfielder who came up through the club's youth ranks, making his debut last season.

Steve White: Consistent goalscorer with nearly 150 senior goals to his credit, most of them in two spells with Bristol Rovers. Has also played for Luton, Charlton and Lincoln (loan). Moved to the County Ground in July 1986, proving to be an excellent signing.

Duncan Shearer: Scottish born striker signed for a club record fee of £250,000 from Huddersfield Town in June 1988. Formerly with Chelsea, he has scored in each of the two games against Bolton so far.

Paul Hunt: Consistent goalscorer in Town's youth sides who is beginning to make his mark at senior level.

MATCH REPORT

HERE WE GO AGAIN!

No doubt you are still recovering from last week's pulsating Littlewoods Cup replay at Burnden which was a credit to the performances of all the players involved in the 120 minutes, 120 miles per hour end to end game.

The much publicised 3-3 thriller a fortnight earlier at the County Ground, Swindon, caught the imagination and it took a five minute kick-off delay to accommodate the late rush at the turnstiles.

The 11,500 audience who turned up for the first replay got a bargain priced evening's entertainment. Passion, commitment, enthusiasm and pride, on and off the field, contributed to a game one never wanted to end—it was as exciting as that!

IN A NUTSHELL

The days that followed though on the broad football front temporarily had my brain baffled but the computer memory and eight G.C.E.'s helped evaluate the week's events off the field. Incomings and outgoing's came on a par with the activities at Manchester International Airport as football's 'Swap Shop' took to the road again.

Here is the picture, with a touch of humour, as the events unfolded . . .

It all started with Scarborough F.C. lighting the blue touch paper on Guy Faulkes night to cancel the hire contract on manager Colin Morris. The heat began to crack the pottery in Stoke and Mick Mills was sacked within days of putting £750,000 into the Club's coffers from the sale of Paul Beagrie to Everton. Mick's hot seat was temporarily taken over by 1966 World Cup hero, Alan Ball, who had only joined the Club weeks earlier—to assist Mills on the coaching side!

Outgoings continued at Barnsley where things came to a head when Alan 'sniffer' Clarke had his job terminated after Oakwell club had lost 7 of their last 9 games. THREE managers in THREE days!

Clarke's departure coincided with the resignation of Chairman, Mr Geoff Buckle and he was replaced by Mr John Dennis. Coach Eric

Winstanley, a formidable player at Oakwell in his playing days took over team responsibilities.

All the activity at Barnsley came on the same day that a reputed £250,000 bid was made for Sheffield Wed. striker Steve Whitton. Wonder what he thinks?

The scene so far seems reminiscent of the winter 'freeze up' of 1964 when the Pools Panel operated for six weeks leading to a number of managers getting the chop for too many bad results! And there's more . . .

Over the past week there seems to have been more speculative activity at Crystal Palace than Buckingham Palace. First, coach Stan Ternent left to take over the vacant managerial post at struggling Hull City following Colin Appleton's departure. Superstition was cast aside as Ternent forecast THIRTEEN wins from the remaining matches to make certain of avoiding relegation.

Meanwhile Palace were also dabbling in the transfer market and a £1½ million bid for Newcastle's Andy Thorn was rejected. Palace also are thought to be behind a £1 million offer for Bristol Rovers' outstanding 'keeper Nigel Martyn. Neighbours Bury got involved as well, asking Palace to consider a £1¼ million bid for striker John Salako.

Phew!! Anybody got something for a headache? Don't say the proverbial AXE.

CLOSED CIRCUIT TELEVISION

The first televised football match, 1937

Now every Football League ground is equipped with television cameras.

The Football Trust has installed Closed Circuit Television systems at more than 110 British grounds. The cameras have a range of 150 metres and immediate close-up prints can be produced. Within minutes of an incident offenders can be identified and arrested with film made available as evidence in court. CCTV is the most effective anti-hooligan measure inside football grounds and the programme has been extended to include portable systems.

CCTV is only one of The Football Trust's many initiatives. Each year it receives over £9.5 million from the Spotting-the-Ball competition run by Littlewoods, Vernons and Zetters and spends it on projects that benefit all levels of the game throughout the United Kingdom.

LEAGUE UNDERLINE NEED FOR EXTENSIVE TRIALS FOR MEMBERSHIP SCHEME TECHNOLOGY

Following the Third Reading of the Football Spectators Bill, The League Management Committee gave further consideration last week to the question of the proposed national membership scheme. They underlined the need for extensive trials of the technology involved on the grounds of spectator safety.

The technology, of course, still has to be identified and the immediate priority is to seek tenders from firms interested in becoming the 'scheme operating company'. Any bids will need to conform with strictures laid

down by Ernst Young, the management consultants jointly commissioned by the League and F.A. But even if the technology exists to meet these requirements, the football authorities feel that it would be totally irresponsible to launch the national scheme on an unsuspecting public without thoroughly testing the equipment first.

The professional advice received by the League and F.A. indicates that these field trials should be conducted over an extended period in order to ensure that the technology can cope with the rigours of controlling access to football grounds.

In addition to the more obvious considerations which the equipment will need to come to terms with such as flow rates for spectators through turnstiles, there are also more obscure aspects to consider—varying climatic conditions for example, or the additional problems posed by night matches. Of course, the problems which need to be overcome are many and varied, but safety considerations must be paramount and any shortcuts might put this over-riding issue in jeopardy.

The football authorities are not prepared to compromise safety for the sake of expediency.

WYN DAVIES

**Scored against Swindon
this day in 1964**

1964—We place this year on top of the pile this evening due to the fact that exactly 25 years ago Bolton made their first ever League visit to Swindon and registered their only win there to date.

Francis Lee put the Wanderers in front just before half time but Swindon equalised on the hour when John Trollope converted a penalty. Almost immediately Bolton regained the lead through Wyn Davies and nine minutes from time Francis Lee made it 3-1.

1896—The Wanderers went to the top of the League on goal average after a 3-2 win at Everton. Bill Thomson fired Bolton in front after only 30 seconds but they found themselves behind at the interval. Second half goals from Jocky Wright and Albert Gilligan secured the points for Bolton.

1914—Bolton went down 5-3 at home to Bradford City and extended their run to six games without a win. David Stokes and Joe Smith were the Bolton goalscorers with the latter hitting two, one from the penalty spot.

1925—Manchester City were

hit for five at Burnden with four of the Wanderers forward line finding the net. David Jack scored his sides first and last goal with Ted Vizard; Joe Smith and Jack Baggett getting the others. Former Wanderer Frank Roberts netted a consolation for City.

1936—Second half goals from Jack Milsom and Jack Rimmer gave Bolton a 2-0 victory over West Brom at the Hawthorns.

1960—The Wanderers visited Darlington in a third round League Cup tie attracting the home sides record gate of 21,023. Roy Hartle and Doug Holden scored for the Wanderers who won 2-1 to earn a home tie against Rotherham United.

1970—Bolton dropped into the bottom four of the Second Division after a 2-0 defeat at Millwall. Gordon Bolland and Barry Bridges scored for the Londoners whose attendance of 6,410 was the lowest at the Den for Second Division game.

1987—A John Thomas goal from the penalty spot was enough to defeat Burnley at Turf Moor in the first round of the FA Cup. It gave the Wanderers a second round tie at Wrexham.

"It was up to the managers and the toss of a coin"

The famous old ground which has, down the years, hosted so many classic Cup ties, witnessed another last Tuesday night. Both sides once again came out with great credit and everyone on the Ground must have enjoyed the encounter. So at around 10 p.m. with the sides still all square, it was up to the managers and the toss of a coin; whoever once said 'heads I win, tails you lose' wasn't at Burnden that night because Ossie called but lady-luck was with the Wanderers and he guessed wrong.

Looking back over the game, it looked that one goal was going to be enough for either side to win. Both sides hit the woodwork, both 'keepers made some fine saves and then both sides scored within a couple of minutes of each other. Skipper Phil Brown found the net with a tremendous shot that had goal written all over it and then Duncan Shearer showed why Swindon invested £250,000 in him last season with a copy book header that somehow squeezed under the Bolton bar.

It was Cup football at its best with no quarter given or taken, with 11,500 fans purring for more and more. Both managers were obviously proud of their players after the game and tonight's game has once again a lot to live up to after the previous two clashes; somehow I don't

think we are going to be disappointed.

One famous Wanderer who couldn't be at the game was Nat Lofthouse, who was still in hospital recuperating after his Kidney Stone operation. Hopefully tonight Nat will be back where he likes best—at his beloved Burnden Park—cheering the lads on. Talking about Nat, did you see him in action on Sportsnight last week when in the Histories of the World Cup series he was seen tussling with a Uruguay defender in the 1954 finals as well of course scoring for England?

During the first half of the season so far what has been very encouraging is the increase in crowds, with the League average down here at Burnden creeping up to around the 6,500 mark. More and more fans are being attracted down to watch lads who are impressing not only fans but visiting managers. Manager Phil Neal and coach Mick Brown will be looking for the side to keep things going well on the pitch which will no doubt keep the attendances up even more, but it's far too early yet for them to get carried away and they know that there's still a lot of hard work to be done before the rewards at the end of the season but it's fair to say things are moving in the right direction.

THE CHALLENGE

We at Littlewoods have for many years been associated with the world of football, and are proud to be entering our fourth season of Sponsorship of the Football League's premier cup competition now widely known as the Littlewoods Challenge Cup.

Through our Homeshopping Catalogues, High Street Stores and Index Catalogue Shop we are dedicated to the idea of family involvement and enjoyment.

We continue to see our latest challenge as playing a part in making football a family occasion at clubs throughout the country and making football grounds happier places to visit.

In short, our aim is to play a part in keeping this National game of ours where it belongs:- **AT THE TOP**

If our continued involvement can go some way towards helping to realise these aims then it is a challenge well worth accepting.

THE HOME RUN

If the Wanderers avoid defeat tonight they equal a club record that goes back almost 70 years. Between April 1920 and September 1921 the club played 27 games at home without incurring defeat. Last Tuesday's draw with Swindon takes the current Wanderers on to 26 unbeaten home games.

Below is listed the record of each generation that has created history. All the games played by the 1920's side were in the First Division, they were drawn away in the FA Cup, whilst the current teams run has covered three different competitions.

The undefeated run of the twenties came to an end on October 15th, 1921, when Cardiff City came to Burnden and won 2-1. Incredibly the Wanderers had won by the same score at Cardiff the previous week.

STEVE TAYLOR

B.W.F.C. 1970-77

Steve Taylor arrived at Burnden Park as a raw 15 year old after being spotted playing in a Lancashire trial game against Liverpool in 1970. Former coach George Taylor and scout Frank Pickford were watching from the touchline and deviously saw enough to impress.

Steve recalled, "It was Nat who signed me, Peter Reid and Tommy Evans at the same time on schoolboy forms."

It was however some six years later that Steve made his full debut in Wanderers colours after first being blooded from the subs. bench. Bolton were in the Second Division and Southampton were the visitors to Burnden Park. The team was a blend of talented youth and experience. Steve recalled, "I was 20 years old and lined up with Roy Greaves, Sam Allardyce, Paul Jones, Neil Whatmore and Tony Dunne."

Steve soon became renowned for his goalscoring ability. He said, "I scored 20 in my first season and I was out for eight weeks with cartilage trouble. I played in the League Cup semi final at Everton and was injured the following game and missed out on the second leg."

One of the reasons for Steve's departure from Burnden was due to the arrival of Frank Worthington when he envisaged limited opportunities and he was signed by Oldham Athletic for £40,000. Steve spent 1½ seasons at Boundary Park when manager Jimmy Frizzell accepted a

£60,00 bid from Luton, where Steve joined up with former Wanderer, Bob Hatton and a then young Brian Stein. Steve confessed, "I never really settled down south. The hotel living didn't suit me and I never got an extended run and when Mansfield came in with a £70,000 offer, I was on my way again."

He admitted to an odd connection in him joining the Stags. He said, "Billy Bingham was manager but I think it was the Chairman who fancied me most and it was he who actually signed me." By that time Bingham had departed. Mansfield were relegated that same season and when Burnley came in for him Steve "jumped at the chance." He said, "We had a really good team at Turf Moor; players like Alan Stevenson, Willie Donachie, Mick Phelan, Martin Dobson, Trevor Steven, Brian Laws and Billy Hamilton, and we won the 3rd Division Championship. Burnley's failure to strengthen following their success led to disaster. Steve said sadly, "We came straight back, it was ridiculous."

At one stage they reached the League Cup quarter final. Steve recalled being drawn away at Spurs. He said, "Nobody gave us a chance with Ossie Ardiles, Rick Villa and Glenn Hoddle in their side but we won 4-1."

Nowadays Steve is not far away at Rochdale but a nagging injury looks set to finish his career at the age of 34. He concluded, "Obviously I would like to stay in the game in some capacity. At the moment I am spending time touring schools passing on my knowledge to the kids."

"Second replays"

Photo: Garry Jones hits the Leeds net during the fourth round tie in 1977/78.

The Wanderers will tonight be looking to reach the fourth round of the Littlewoods Cup, or League Cup as it used to be known, for the first time since 1977/78.

It was Leeds United who ended Bolton's hopes that term with a 3-1 win at Burnden before a 33,766 gate. Indeed last Tuesday's attendance for Swindon's visit of 11,533 was the best at Burnden since the visit of Leeds twelve years ago.

Whilst this evening sees the Wanderers playing at home for the first time ever in a second replay in the League Cup competition, it isn't the first time that the ground has witnessed such an encounter. In August 1972 Stockport County defeated Bradford City 2-0 at Burnden in a first round second replay.

Bolton's involvement in second replays runs to two games. The first came in September 1969, at the second round stage, with

the Wanderers, then in the Second Division, facing Third Division Rotherham United.

The first game at Burnden was goalless but the replay at Millmoor made up for this with a thrilling 3-3 draw after extra time. John Byrom scored twice for the Wanderers with his second coming just four minutes from the end of normal time, the extra half an hour being goalless. Both teams ended the game with ten men with Roy Greaves and United's Dave Watson being sent off.

Rotherham won the toss and two days later won the second replay with a solitary goal from Trevor Womble. The six goal thriller must have whet a few appetites for the second replay attracted an extra 1100 spectators.

The Wanderers involvement in a second replay was in October 1976, this time at the third round stage. The opponents were fellow Second Division side Fulham and the first game resulted in a 2-2 draw at Craven Cottage.

The first replay at Burnden also ended in a 2-2 draw after extra time but Bolton's equaliser, a tremendous shot from Mike Walsh, came in the 96th minute of normal time. Fulham captain Bobby Moore complained too loudly to the referee and was sent off for dissent.

The second replay took place at St. Andrews, Birmingham, with Bolton running out 2-1 winners and going on to reach the semi finals for the only time in their history.

Only two major signings were made for Bolton's first ever campaign in the Second Division. William Halley rejoined the Wanderers from Bedminster and Lawrie Bell, a centre forward, came from Everton.

It was Bell who took the distinction of scoring the club's first Second Division goal in a 3-2 win over Loughborough. The game took place at Leicester, with Loughborough's ground being closed down due to crowd disturbances, in fact they were to win

only one game all season and were not re-elected.

Bell scored twice on his home debut, a 2-1 win over Newton Heath, but the first reverse came a week later when Sheffield Wednesday won by the same score.

Further players were taken on, James Picken and William Brown came from the Kilmarnock Shawbank Club and local talent was also signed in Jimmy Hanson of Little Hulton. All three players were to play their part in a successful season. At the end of September the directorate offered the team £500 to win promotion and they didn't lose another League game that year. In fact the only reverses were a 4-0 friendly defeat at Spurs and a 3-2 Lancashire Cup defeat at Newton Heath for whom ex Wanderer James Cassidy scored.

Burnden Park began to buzz when it was realised that the club had every chance to regain their First Division status and goals were scored in abundance. During October the South African touring side, known as the Kaffirs, were

beaten 13-3 even Sutcliffe, the 'keeper, got onto the scoresheet.

The following month Burnden was awarded an inter league game against the Irish with Wanderers half back Jack Fitchett being selected for the English League. He was the only Second Division player in the side and the youngest at 19 years old but a poor gate of only 5,372 saw the English win 3-1.

It was during Christmas that Bolton really took their opponents to task with wins by 5-2 at Burton Swifts, 6-1 at Burnley and 7-0 against Loughborough at Burnden all coming in the space of a week.

The Wanderers then won their next three games, before they faced the only side to have beaten them in a League game, Sheffield Wednesday. Bolton, who were top of the Division, were a point in front of their Yorkshire visitors and a goal from Bob Jack after 65 minutes before 12,325 increased their lead.

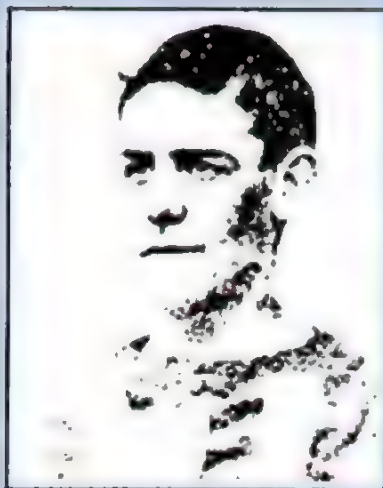

Wednesday took revenge by knocking Bolton out of the FA Cup at

Owlerton and League form suffered with only one point being collected in three games. With nine games left to play the Wanderers had promotion still in their own hands. The challenge was taken on admirably with eight wins and one defeat which came in the 7th game at New Brighton Tower on Easter Monday. During the nine games only three goals were conceded and they all came in the defeat at New Brighton giving Bolton a goal difference of 24 to 3. In fact the seven games played before conceding a goal is still a club record.

Promotion was assured with a 3-0 home win over Gainsborough Trinity but there was disappointment

SEASON 1899 1900

LAWRIE BELL

**Scored the
Wanderers first

Division goal**

in the crowd of only 4,327.

Incredibly eleven penalties were awarded to the Wanderers during the season which were all missed but the season was wound up in style with a 5-0 win over Burton Swifts with Lawrie Bell scoring four times.

This gave the Wanderers the runners up position, two points behind champions Sheffield Wednesday, and so the two clubs returned from whence they had departed twelve months earlier.

Club records of only four League defeats in a season and only 25 goals conceded in a season still stand today.

Off the field, the price of Second Division football despite success was high, with poor gates the club now had a deficit of £2,900. The £500 paid to the players for promotion was paid for by a local Iron Foundry owner and a bazaar and amateur athletics festival was to be arranged in an effort to raise money.
